“We had a truly amazing experience! Every detail was attended to and the whole adventure was complete perfection. Much thanks to you for dealing with all of our schedule changes and moving parts”.

C Beck July 2017

Hundreds of animals, thousands of artefacts, a tiny train that delivers condiments to guests... Sir William and Lady McAlpine's Buckinghamshire home is a testament to their wit, imagination and epic hoarding tendencies

Tatler Magazine October 2017

This magical and eccentrically English estate is set in the beautiful Chilterns countryside and houses a steam railway station, a museum and hundreds of animals roaming free. It is the most perfect setting for a steam train ride, a picnic in the grounds and a tour to meet the animals. If you choose, you can arrive in time for breakfast time, a truly memorable sight of all of the animals gathering for their morning feast.

Your Experience can include:

- Collection from hotel or home and chauffeured to the mooring by car or helicopter
- Greeting and hosted tours with your Lady McAlpine
- Lunch or afternoon tea in the house or grounds
- Steam train ride and tour of the animal sanctuary

Prices from £450 +VAT per person
